

Summary

M.Tech Computer Science student with a strong interest in Python, Machine Learning, Data Analytics, and software development. I enjoy learning new technologies, solving problems, and building practical projects. Looking for opportunities to learn, contribute, and grow in the tech industry.

Work Experience

AI Intern

📍 Infosys Springboard

📅 Jul 2026 - Present

Worked on AI and machine learning concepts through hands-on learning and practical projects. Developed skills in Python, data preprocessing, model building, and problem-solving while gaining practical exposure to AI-based solutions.

Education

B.tech.

📍 shri vaishnav vidyapeeth vishwavidyalaya, Indore

📅 2021- 2025 • Computer Science

M.tech.

📍 School of Computer Science & Information Technology, DAVV

📅 - 2027 • Computer Science

Projects

AI Recruitment Talent Management Copilot

🔗 [Project Link](#)

- Built an AI-powered recruitment platform covering resume parsing & candidate profiling, job description analysis, and candidate matching & ranking to streamline the hiring pipeline.
- Implemented skill-gap analysis and an interview assistance module with ATS integration, plus a Flask-based analytics dashboard for real-time visualization of candidate and hiring data. GitHub: https://github.com/Nikitanikiyadav/Infosys_Internship_Project

WhatsApp Chat Analyzer

🔗 [Project Link](#)

- Developed an end-to-end Python/Streamlit tool that parses chat logs and generates word-frequency, timeline, and user-activity visualizations, delivering actionable insights from unstructured text data.

Skills

- Python
- Numpy
- Pandas
- matplotlib
- Machine Learning
- Django
- AWS
- Linux
- Git Version Control

Certificates

Cloud Computing
